

Multiperspectivity in challenging times

MuRem workshop in Vienna

MuRem Workshop

12-14 February 2024, Vienna

The last European workshop within the project "[Multi-Perspective Holocaust Remembrance in Contemporary Europe](#)" (short: MuRem) will provide a space for dialogue on the topics and questions that have challenged us at previous events and/or have remained open. This time we will be guests in Vienna and, as always, we will also gain insight into Austrian memory discourses and multiperspective Holocaust remembrance projects. In collaboration with our Austrian partners, we have curated a program that will enable us to engage in an in-depth exchange on the following topics:

- Remembrance of persecution of homosexuals and Roma and Sinti
- Remembrance in diverse societies
- Resistance and collaboration in collective memory

We also want to use our final in-person MuRem meeting to reflect on the joint MuRem workshops, draw conclusions, collect questions and discuss possibilities for future cooperations.

The goal of the project „[Multi-Perspective Holocaust Remembrance in Contemporary Europe](#)“ (short: MuRem) is to build a network and strengthen multiperspectivity and interdisciplinarity in European Holocaust Education by taking into account the diversity of memory cultures and their consequences for the present.

The project is funded by the European Union within the Citizens, Equality, Rights and Values Programme (CERV).
